

VIDEO INSPECTION SOLUTIONS

FOR PUBLIC WORKS, ENGINEERS, UTILITIES AND CONTRACTORS

JJE IS PLEASED TO OFFER A FREE EDUCATIONAL SEMINAR ON THE LATEST VIDEO INSPECTION SOLUTIONS FROM ENVIROSIGHT

This seminar will include hands-on demonstrations of the highly integrated and very modular CCTV Robotic Camera solution - the Rover X. JJE will also demonstrate Envirosight's QuickView Haloptic Zoom Camera and the Verisight Push Camera.

Envirosight is the industry leader in providing powerful, expandable inspection systems that can meet any challenge. Specializing in underground infrastructure, pipeline and confined space inspection, Envirosight is a manufacturer of manhole cameras, zoom survey cameras, robotic crawlers, small pipe push cameras, documentation software, inspection vehicles and, in-line robotic pipe cutters.

TRAINING AGENDA

- 8:45 - 10:00 Continental Breakfast
