

SPRING'S HERE... SWEEP WITH CONFIDENCE!

JOE JOHNSON EQUIPMENT (JJE) IS PLEASED TO OFFER “**ELGIN** OPERATOR TRAINING: SPRING CLEAN-UP”

The training covers the essential skills required to efficiently and safely operate your Elgin Sweeper units, to ensure employer training compliance, and to save time and money by giving your operators the chance to learn best-practice techniques when operating an Elgin Street Sweeper.

TRAINING OVERVIEW

Training includes classroom/theory and practical hands-on training. Each participant will complete a knowledge assessment in alignment with due-diligence, and will receive a certificate of completion. This training can be customized to suit your needs – we can come to you, or we can accommodate group training at our training facility in Innisfil, Ontario. This training will be facilitated by JJE's Certified Elgin Trainer.

WHO SHOULD ATTEND?

All Elgin Supervisors and Operators who are new to operating an Elgin Street Sweeper, as well as those who may require a refresher, should attend. Groups of up to 12 participants are ideal, and we offer flexible training times to fit your schedule. Depending on the class size, the training can be conducted in a half-day or full-day session.

COST

Half-day session is \$750 + tax

Full-day session is \$1500 + tax

Price includes all required training materials. Price does not include facilitators travel expenses.

BOOK NOW
Book by 03/30/15 for a 10% discount.
