

TRUVAC[®]

by Westech

WOLF[™]

Founded in western Canada, TRUVAC by Westech builds rugged code and non-code certified vacuum trucks to serve the oil and gas industry. Today, the TRUVAC brand is synonymous with quality, tough and durable design, with innovative enhancements to increase productivity.

DIGGING DURABLE. DIGGING TOUGH. DIGGING SMART.

BUILT FOR COLD WEATHER

TRUVAC units have been operating in some of the harshest environments for over 30 years under Westech Vac Systems. We've learned how to build equipment that will thrive in these conditions, offering a variety of different features such as heated compartments, heated valves, heated water lines, to meet all climate conditions.

STANDARD FEATURES

- 14 - Cubic Yard Debris Body
- 1,500 U.S Gallon Water
- 28" Hg Tri-Lobe blower
- 3,000 PSI Water System
- Back-Up Camera
- Industrial Grade Controls
- Water Compartment Cross Over Cabinet
- Debris Body Vibrator
- $\frac{3}{4}$ Opening Rear Door
- Raising Debris Body Offload

1 MODULAR DESIGN

1

Fully customizable design allows for different chassis and axle configurations.

2 INDUSTRIAL GRADE CONTROLS

2

Robust system which results in faster troubleshooting, getting you back to work if and when an issue does arise.

3 IMPROVED PRODUCTIVITY

3

The 45° dumping debris body & fully opening rear door with tank vibrator make offloading fast & efficient.

4 PERFORMANCE YOU EXPECT

4

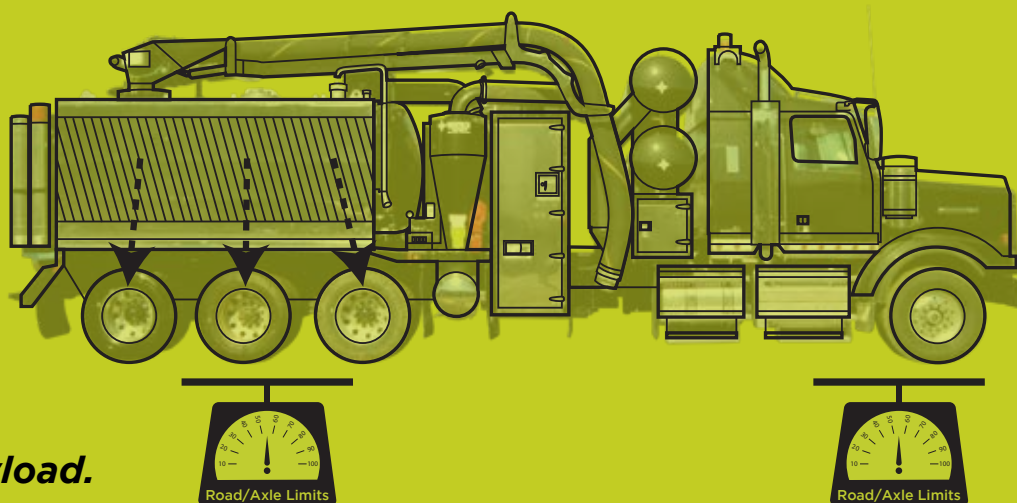

A powerful vacuum & water system with 26' reach boom & wireless controls to get even the biggest & toughest jobs done.

MORE PAYLOAD

Each unit is engineered using our 3D modeling & weight distribution programs to optimize each customer's build - maximizing the legal payload capacity. Our goal is to efficiently use as much axle capacity as possible while keeping the design safe and productive, resulting in more time on the job and fewer overweight penalties.

The TRUVAC Wolf design aligns the center-of-gravity of both the water tank and the debris body. This center is then positioned to optimize payload on the chassis configuration you select in all loading combinations.

Let us show you how this maximizes legal payload.

**WHEN IT COMES TO QUALITY ENGINEERING,
INNOVATION AND RELIABLE SERVICE, NO OTHER
VACUUM EXCAVATORS CAN MATCH TRUVAC.**

DIG STRONG.

DIG FAST.

DIG RIGHT.

DIG SMART.
