## Be Safe. Be Seen. Be Protected.

### HIGHLIGHTER LED

454101HL-02 **\$249.95 EA**

Featuring Federal Signal's patented Solaris® LED reflector technology to re-direct light for substantially improved off-axis warning. Solaris reflectors provide 360-degree of light output, while virtually eliminating dark spots. 5-year LED warranty.

### AL2 LED

211779-02 **\$234.95 EA**

The Federal Signal AL2 beacon is a classic style beacon that features LED technology. Meeting Class 2 specifications, the AL2 offers an effective warning signal that is ideal for a variety of applications including snow plows, utility trucks and construction vehicles. 5-year LED warranty.

### COMMANDER SERIES WORK LIGHTS

COM550-RND -SQ **\$52.95 EA**

COM750-RND -SQ **\$64.95 EA**

COM1200-RND -SQ **\$94.95 EA**

Ideal for tractors, tow and recovery, off-road, and personal vehicles, these work lights are made with a heavy-duty powder coated die-cast aluminum and vibration resistant construction. Available in round and square options. 3-year LED warranty.

### MICRO PULSE ULTRA

MPS300U-A **\$84.95 EA**

MPS350-A **\$89.95 EA**

MPS650-AW **\$129.95 EA**

Micropulse LEDs offer superior auxiliary warning capabilities for first responder and working truck vehicles. They deliver optimum flexibility through their solid and dual colour models. 3-year LED warranty.

\* Installation available. Some conditions may apply. Call JJE for further details. Offer expires June 30th, 2019.
