

SPARTAN
SINCE 1943

738 TRAILER JET

In this line of work, the pressure to get the job done right is always high.

That's exactly why Spartan designed the 738 trailer-mounted jetter. The 738 gives you all the power and performance you expect at a price you can afford. Serving up 2,000 PSI at 12 GPM, a twin-cylinder, air-cooled engine, plus great Spartan features like automatic low-water shutoff and rear-mounted operator controls; the 738 has everything you need to meet even the toughest challenges.

SPECS

- Pipe sizes: 3" - 12" diameter
- Pressure 2,000 PSI
- Flow: 12 GPM
- Standard hoses: 250' of 3/8" high-pressure cleaning hose; 100' of 5/8" rubber supply hose
